Summary

Motivated MCA student with expertise in cloud computing, web development, and technical support. Proficient in Python, Django, JavaScript, MySQL, and AWS services including EC2, S3, VPC, and IAM. Hands-on experience gained through internships, responsive web development projects, and AWS cloud training. Quick learner with strong problem-solving abilities, teamwork, and adaptability, eager to contribute to a dynamic IT environment.

Education

Kerala University	2025 – Present
Master of Computer Applications (MCA)	
MG University	2021 – 2024
Bachelor of Computer Applications (BCA)	
CGPA: 7.16	
DHSE Kerala	2019 – 2021
Higher Secondary Education	
Score: 95.5%	
CBSE	2019
Secondary Education	
Score: 86.7%	

Technical Skills

Programming Languages	C, C++, Java, Python, JavaScript, PHP
Web Technologies	HTML, CSS, Django
Cloud Technologies	AWS EC2, S3, VPC, IAM, Route 53, Security Groups, Load Balancer
Database Systems	MySQL, SQLite
Tools & Software	Figma, Canva, Microsoft Excel, PowerPoint, Word
Operating Systems	Linux, Windows

Experience

INFOTACT SOLUTIONS	Feb 2025 – May 2025
<i>UI/UX Design Intern</i>	
- Designed responsive user interfaces for web application modules using Figma - Created wireframes and visual layouts aligned with project requirements - Optimized navigation structures to enhance usability and user interaction - Collaborated with developers to translate design concepts into functional interfaces	
ZIDIO DEVELOPMENT	May 2025 – Jul 2025
<i>UI/UX Design Intern</i>	

- Developed accessible interface components following modern UI/UX standards
- Refined design elements to improve consistency across digital platforms
- Facilitated in design reviews and contributed creative solutions for user-focused features
- Evaluated user experience workflows and suggested interface enhancements

TRINITY TECHNOLOGIES

May 2026 – Jun 2026

AWS cloud Practitioner Intern

- Configured AWS services including EC2, S3, VPC, and IAM through hands-on cloud labs
- Implemented cloud networking and security concepts within AWS environments
- Managed Linux-based server administration tasks and system configurations
- Explored cloud infrastructure deployment, storage management, and access control practices

Projects

Online Musical Instrument Store

- Created an e-commerce application for musical instrument sales
- Developed interactive and mobile-friendly interfaces using HTML, CSS, and JavaScript
- Integrated backend functionalities with PHP and MySQL database systems

Travel Companion Finder Website

- Built a networking platform enabling travelers to connect with companions
- Implemented profile management and destination coordination features
- Utilized Django and SQLite for backend processing and database integration

Certifications & Achievements

- Successfully completed AWS Cloud Practitioner Training – Trinity Technologies
- Earned a certification in Basic Python Programming
- Take part in Masterclass in Data Analytics conducted by Novitech R&D
